New Global Navigation – Various Applications

The top navigation toolbars and user profile menu for various applications within SmartCOMM have been modernized to provide a breadcrumb trail from where the user has navigated from. This will provide a clearer and quicker navigation experience.

Regression Studio

Job Manager

New Global Navigation – Various Applications

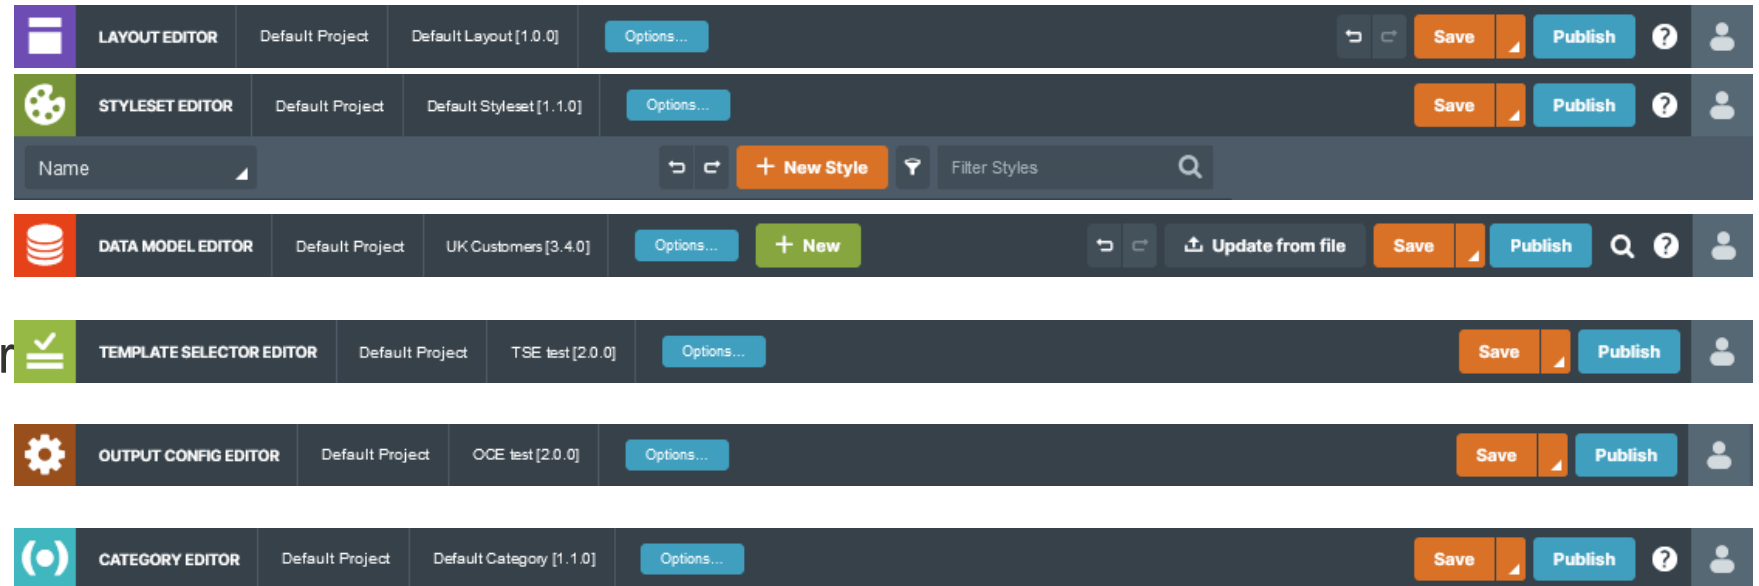

Appliance Manager

New Global Navigation – Editors

Furthermore, we have updated different editors as well

- Layout editor
- Styleset editor
- Data Model editor
- Template Selector editor
- Output Config editor
- Category editor

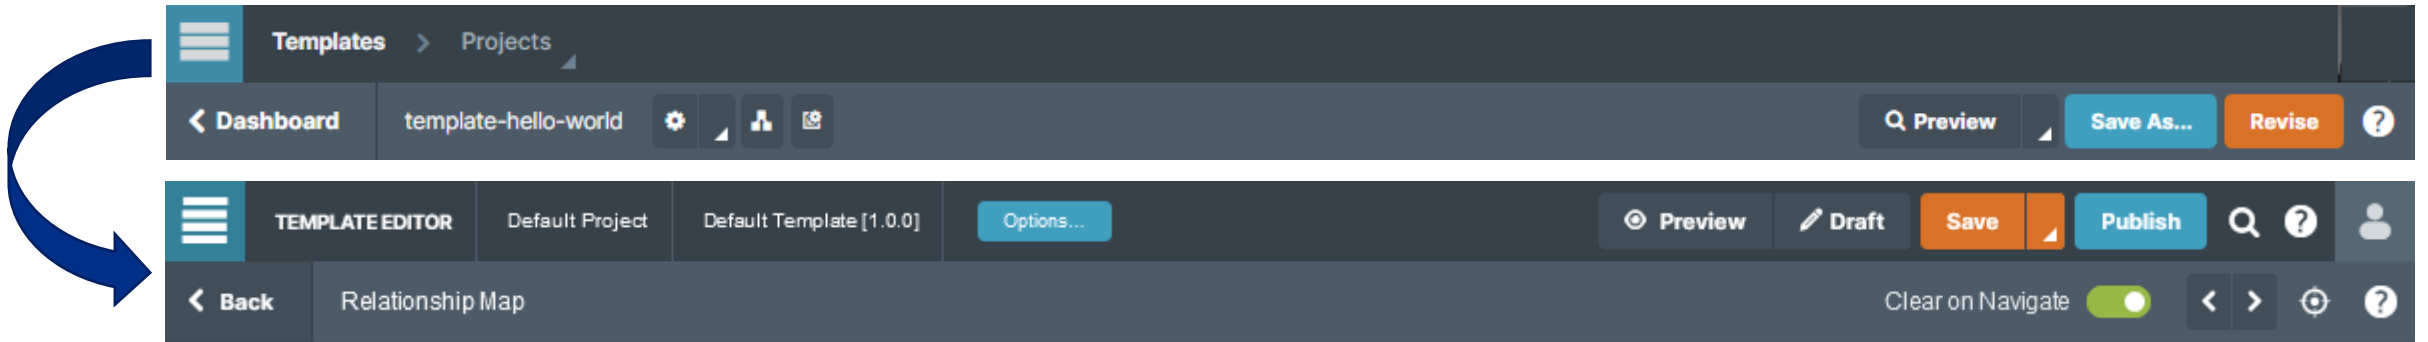

Coming Soon

SMART
COMMUNICATIONS™

New Global Navigation – Various Applications

The last applications that we're going to update with a new navigation are in the Template Editor and Project Dashboard which are scheduled with the next release*:

Template Editor

Project Dashboard

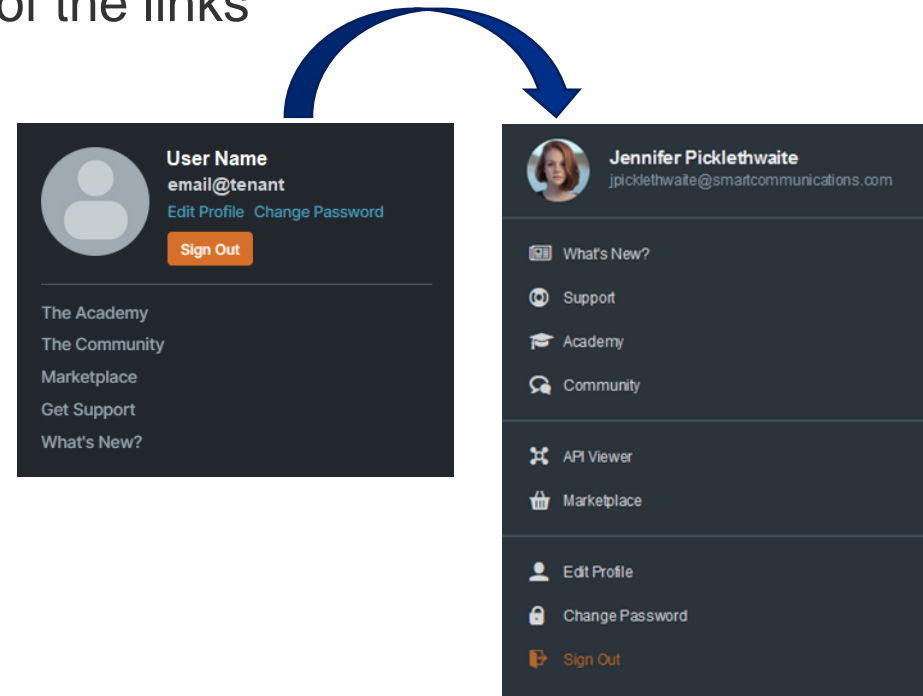

* Release dates are subject to final confirmation on the Community

New Global Navigation – Settings and CMS Explorer

Besides the top navigation toolbars, we also update the user profile menu with a fresh design and a more logical arrangement of the links
